

Technical Show Stop

DT to make DM aware that show stop needs to take place and why

DT to make announcement on stage informing audience

*Due to a technical issue we need to stop the show.
Please remain in your seats and we will aim to restart
the performance as soon as possible*

Technical team to address issue and establish if this can be resolved

Once decision has been made, DT to inform DM and discuss next actions

If the show can be restarted

DT to inform DM when this will be happening. DM to confirm they are ready and DT to make this announcement from stage:

*Thank you for your patience. We will shortly be restarting
the performance and hope you enjoy the rest of the show.*

If the show need to be cancelled

DT to inform DM and discuss actions. DM to make this announcement from the stage:

*Due to a technical issue, we unfortunately need to cancel
this performance. Our team will be in touch as soon as
possible so please refrain from contacting us. I will be at
the box office if you have any questions. We apologise for
the inconvenience & disapointment*
